SOFTWARE ENGINEER

## Summary

Inquisitive and resourceful developer, driven to determine efficient solutions to complex problems. Experienced with creating and implementing successful front and back-end web applications using best practices. Looking to bring my skills to a tech company with a global reach.

## Work Experience

### Software Engineer at 100Devs, Remote

JANUARY 2022 – PRESENT

- ▯ Collaborated with a team of developers to build modern and responsive web applications using best practices.
- ▯ Built semantically structured full-stack web applications.
- ▯ Applied agile methodologies like SCRUM for project management.

Recent Projects:

**A Latte Coffee** (Full-stack Web App) – The cashier can take coffee orders from customers with their names. Baristas can log in to the app and see orders made and mark them as complete. Orders that have been completed will note which barista completed the order.

**Note pal** (Full-stack Web App) – Users can log in to their profile and find their list of notes. They can add new notes through an input, which they can then edit or delete all notes in their profile.

**The Poké Exchange** (Web Design & Development) - A Pokémon card trading website with Pokémon TCG API integration. Users can create a profile, add their card collection, and create a wish list to share with other users within the community forum.

Other Projects: Leon County Youth Observatory Club APOD Web App with NASA API integration, Nook & Cranny's Animal Crossing Birthday Twin Web App. On-demand background color changer for Partnered Twitch streamer, and many more.

### Web Developer, Lewis Arts Studio, Remote

MAY 2022 – JULY 2022

- Responsible for creating the Lewis Arts Studio website based on design specifications as part of Miami Dade's Art For Learning organization.
- Utilized the latest software development tools, techniques, and approaches.
- Effectively achieved a consistent look and visual theme across the website by promoting uniform fonts, formatting, images, and layout.

## Volunteering

### Web Developer, 48in48, Remote

JUNE 2022 – PRESENT

- Worked as a productive and positive team member to build professional quality websites for nonprofits while meeting client deadlines.
- Brought forth vast experience designing and developing responsive design websites.
