Yire Morlans

SOFTWARE ENGINEER

Summary

An adaptable developer with a purpose for determining efficient software solutions. Passionate about creating shared success through collaboration. Experience in building and implementing successful full-stack web applications using best practices.

Work Experience

Software Engineer at 100Devs, Remote

JANUARY 2022 — PRESENT

- Built semantically structured full-stack web applications using Node.js, Express, and MongoDB.
- Built RESTful APIs that served data to JavaScript front-end applications.
- Created component-based user interfaces with React.
- Applied agile methodologies like SCRUM for project management with a team of developers to build modern and responsive web applications using best practices.
- Collaborated with a team of developers to ensure code quality through code reviews, pair programming, and unit testing with peers.
- Maintained a detailed git history for all projects and used GitHub in a team environment.

A Latte Coffee (Full-stack Web App) – The cashier can take coffee orders from customers with their names. Baristas can log in to the app and see orders made and mark them as complete. Orders that have been completed will note which barista completed the order.

Note pal (Full-stack Web App) – Users can log in to their profile and find their list of notes. They can add new notes through an input, which they can then edit or delete all notes in their profile.

Other Projects: Tallahassee Youth Observatory Club APOD Web App with NASA API integration, Fan Fave Futurama Quotes Web App complete with own database, Nook & Cranny's Animal Crossing Birthday Twin Web App with Nookipedia API integration, The Royal Confidant Persona5 API, and many more.

Web Developer, Lewis Arts Studio, Remote

MAY 2022 — PRESENT

- Responsible for creating the Lewis Arts Studio website based on design specifications as part of Miami Dade's Art For Learning organization.
- Utilized the latest software development tools, techniques, and approaches.
- Effectively achieved a consistent look and visual theme across the website by promoting uniform fonts, formatting, images, and layout.

Education

Volunteering

Web Developer, 48in48, Remote

JUNE 2022 — JUNE 2022

- Worked as a productive and positive team member to build a professional quality website for a nonprofit while meeting client deadlines.
- Brought forth vast experience designing and developing responsive design websites.
